FASTABS — THREE WAY DISTRIBUTION — PMDREG BY FCON BY GONSER

THIS SERIES AS OUTLINED ON #17 WILL COMPARE BASIC FACTUAL OBSERVATIONS WITH NO. #13. MOST OF THE INFORMATION CONTAINED WILL APPLY TO THE PAULETTE SERIES BECAUSE OF THE POOR SAMPLE NUMBER IN NUMBER #13.

P. M: DES REG		M. DES REG.
136	TOTAL CASES STUDIED	116
170	TOTAL NUMBER INVOLVED	170
34	MISSING OBSERVATIONS	54

FATHER'S OCCUPATION BEFORE AND AFTER THE PAULETTE.

WITH THE MEMBERS WHO REPRESENT THE FIRST TO SERVE, THE DISTRIBUTION IS QUITE EVEN WITH THE EXCEPTION OF THE FINANCE MINISTRY WHO CLAIM NEARLY 1/3 OF THE FATHER'S POSITION. THE DIVIDING LINE OF 1605 MADE LITTLE VISIBLE IMPACT ON THE CAREER FAMILIES FROM WHICH MEMBERS CAME TO THE PARLEMENT. THE FIGURES ARE AS FOLLOWS:

PROV. PARL.	FINANCE MINISTRY	PROV. ADMIN	M. ROYAL ADMIN.	L. ROYAL ADMIN.	BOURG. ___	L. LEGAL SYSTEM
9.2%	31.6%	15.8%	1.3%	19.7%	7.9%	11.8%

CONSIDERING THE FIRST GENERATION, MOST OF FATHERS AT ONE TIME OR OTHER SERVED IN THE PARLEMENT AND POSSIBLY MOVED TO HIGHER POSTS WITHIN THE ADMINISTRATION. STILL 2/3 REMAINED IN THE STRUCTURE WHILE THE OTHERS, FRACTIONALLY COMPOSED THE REMAINDER, WITH THE PROVINCIAL PARLEMENTS MAKING UP CLOSE TO 12% OF THE PATERNAL OCCUPATIONS.

CONCLUSIONS:

THERE IS LITTLE SURPRISING, EXCEPT THE SIZABLE BOURGEOIS ELEMENT THAT AROSE AND HIGH RATING FOR THE FINANCIAL MINISTRY.

THERE IS NOT REALLY A COMPARISON WITH #13 BECAUSE THE SAMPLE WAS SO WEAK THE NUMBERS WERE NOT EVEN COMPUTED. WHAT IS REPRESENTED HERE IS THE BEST OF BOTH ~~ANALYSES~~ ANALYSISES.
